"Success for Everyone, Every day!"

May 25, 2021

Dear Parents and Students

On May 19, 2021, Education Minister Adriana LaGrange announced that WRPS students who were scheduled to return to in-class learning on Tuesday, May 25 would be returning to classes as scheduled. After 2 weeks of at-home learning, we are extremely excited to welcome students back into the building on Tuesday. I would like to thank all of our students, teachers, and educational assistants for their hard work during this most recent at-home learning. As a school, we have been very impressed with the quality of learning that has taken place and the dedication of our students. Even though this situation was not ideal, everyone made the best of what we had in front of us. I also want to send out a huge thank you to our parents/guardians for their help and support throughout this process. Your efforts have made a huge difference. Thank you!

Protocols and Procedures:

While we are excited to have everyone back in classrooms, we have to remember that we are still in the middle of the pandemic. As a school, we will continue to have very stringent procedures and protocols to ensure that our students and staff are safe. When students return to school on Tuesday, we will continue to follow all of our previously established safety procedures. This includes COVID procedures such as mask-wearing, designated entrances, hand sanitizing, and social distancing. As well, access to the school will continue to be limited to students and staff.

Chromebook Return:

It is essential for students who have a school chromebook to return it to the school on Tuesday, May 25, 2021. These chromebooks are necessary for our classroom instruction and we will need them on our first day back. Students can return these chromebooks to their homeroom teachers or parents may return them to staff at the front doors on Tuesday morning. Chromebooks will be cleaned by school staff prior to their return to use in school.

Sincerely
